## A MURDER AND SUICIDE

**Prompted by Insane Jealousy John Negley Uses Shotgun With Deadly Effect.**

**Couple, Known in Rush County Figure in Tragedy at Alexandria.**

A dispatch from Alexandria, Ind., dated April 30th, says:

A 7:30 o'clock tonight two shots from a shotgun attracted the neighbors to the home of John Negley, a well known butcher. When the neighbors arrived they found Mrs. Negley dead, the contents of the shotgun having lodged in her body, near the heart and Negley prostrate on the floor. He died in thirty minutes. The evidence indicates that Negley shot his wife and then turned the gun on himself. Negley is a well known butcher, being a partner in the business with Calvin Cree, who was formerly city marshal. Negley was 50 years old.

The dead woman is his second wife. Negley had two children by his first wife and four by his second wife, and all these children lived at home with the parents, but at the time the tragedy occurred went out for a buggy ride.

The neighbors understood that for several months Negley has been jealous of his wife, who was nearly twenty years his junior. This afternoon it is known that they had a quarrel and it is suspected that the deed resulted from this.

Mrs. Negley, the murdered woman, was a daughter of Mr. and Mrs. Richard Sweet, of Raleigh, and is well known throughout Rush county. She is a sister of Conductor George H. Sweet on the I. & C.

Mr. and Mrs. Sweet received word of the tragedy last night and left at once for Alexandria.

Mr. and Mrs. Negley had been married about eighteen years. Mrs. Negley was born in Fayette county, but had resided in Rush county for about ten years prior to her marriage. Her brother, George Sweet, left for Alexandria at noon today. The funeral arrangements have not yet been learned.

## ORGANIZING FISHING PARTY

**Will Probably Establish a Summer Camp at a Point Below Moscow.**

Arrangements are being perfected for the purpose of establishing a summer camp at a point on the banks of Flat-rock one and one-half miles from Moscow.

James Adams will go to Winona lake, where he will purchase two or three row boats and together with other material, will establish a permanent camp for the summer, consisting of four or five tents. Everything will be fixed up in first class shape for an ideal outing.

Behind the camp an effort is being made to organize a camping and fishing club, the members of which, for small fee, may go to the camp and remain for a week, ten days or as long as he may see fit. It is proposed that camping parties, consisting of the members of the club be organized which will occupy the camp in turn, Greensburg, Knightstown, Connersville and Shelbyville will be invited to send camping parties and in this manner, the camp will be occupied continuously by a party from one of these towns.

The site for the camp is an ideal one. There is good boating and fishing for three miles up and down the river and the scenery is superb.

## GIRL GRADUATE

**The New Methods Deprive Her of Half Her Former Glory.**

Under modern methods, the "sweet girl graduate," is shorn of half her glory and relegated to a back seat, while in her stead, on the stage where she has been accustomed to shine in the fullness of her commencement charms, will be seated the school professor, speakers of the evening.

By this method, which pleases neither parent nor children, the time-honored prerogative of the girl graduate, to be seen and admired in her prettiest mood and frock, is manifestly curtailed; it will not be denied to her that she may bloom and blossom as the rose, on this auspicious occasion, but like another rose of song story, she will be doomed to waste her sweetness on the desert air.—Ex.

## BUYS SEVEN OF THE BIG MINES

**Cream of the Indiana Coal Field Taken by New York Syndicate.**

Terre Haute, Ind., May 1.—John S. Bays, acting for a New York syndicate, has purchased seven of the best mines in Sullivan county. The consideration is in the neighborhood of \$2,500,000. The syndicate will take over the property June 1. The mines purchased are: Hymera, North Jackson Hill, Sullivan County Coal company, Union Coal company and Keller Coal company mines, owned by Harder & Haefler of Chicago, and the Glendora mine, owned by the W. S. Bogle Coal company of Chicago. The deal includes 10,000 acres of Sullivan county coal lands. The names of the men interested in the syndicate have not been given out, but Indiana operators say that Vanderbilt interests are back of the deal.

## THE PROSECUTOR IS IMPEACHED

**Court at Bloomington Holds That Mr. Miller is Unworthy to Hold Office.**

Bloomington, Ind., May 1.—Late Saturday afternoon Judge Robinson gave his decision in the impeachment proceedings against Robert G. Miller, prosecutor for this district. Miller was found guilty of having been negligent in the performance of his duty in four specific cases. The judge exonerated the official on the charge of having accepted illegal fees, but held the neglect of the young prosecutor was sufficient to warrant his removal from office.

The decision in the case of Mayor Malott, a similar proceeding, was given at the same time. Malott was found not guilty of the charges against him of misconduct. The judge held it was customary for mayors to take the advice of the prosecuting attorney, and therefore Mayor Malott was not to be held for the mistake he made in dismissing certain cases at the request of Mr. Miller.

Attorney Miers demanded a new trial. This was denied, and Mr. Miers announced his intention of carrying the case to a higher court.

## GIVE UP FIGHT

Anderson, Ind., May 1.—After an idleness of several months it has been officially announced by Manager R. E. Evans of the company's works in Ohio, Indiana and Illinois, that the American Strawboard company has decided to abandon its plant in this city because of the numerous expensive lawsuits resulting from the company draining its "sludge" into White river.

## A BIG FIGHT IS NOW ON

**Chicago Strikers and Employers' Association are Widely Apart.**

**Federation of Labor Will Appeal to President Roosevelt for Investigation.**

Chicago, May 1.—Chicago had on her working clothes Sunday, and to anyone without a knowledge of the fight going on here between capital and labor, an examination of the calendar was necessary to make certain that it was Sunday. From daylight until dark the down-town streets were crowded with heavily laden wagons and trucks, giving the city a week-day appearance that was never witnessed here before on the first day of the week.

Believing that the fight now going on for supremacy between the Employers' Association of Chicago and the union teamsters is to be a protracted one, the business men of the city took advantage of the suspension of regular business Sunday to procure an extra supply of material and supplies. Every available team and even one-horse vehicles were brought into use during the day for the purpose of replenishing coal bins and to obtain other material necessary to the transaction of business. Today being the first of May, which is moving day in Chicago, the furniture van in the residence districts added to the week-day appearance of the city. Fearing that the furniture drivers might become involved in the difficulty, the majority of those who under normal conditions would have sought their new homes today, decided to take no chances and made the change yesterday.

While all these preparations were going on for an emergency, efforts were being made in Mayor Dunne's office at the city hall, to bring about a peaceable adjustment of the teamster's strike. Early in the afternoon a committee representing the Employers' association met a peace commission consisting of Bishop C. P. Anderson of the Episcopal church, Jenkin Lloyd Jones of All Soul's church, Dr. Emil G. Hirsch of Sinai Temple, Miss Jane Addams of Hull House and Dr. Cornelia De Bey of Neighborhood House.

At the end of this conference a committee representing the unions met the citizens' committee and went over the entire strike situation in an effort to devise some means to bring about a peaceable ending of the controversy.

The conference in Mayor Dunne's office lasted six hours and the peace commission appointed by the mayor Saturday failed utterly in its efforts to bring about a settlement of the strike. The plan for an armistice for forty-eight hours, was rejected by both sides early in the conference as was also an offer later made by the representatives of the labor men, who asked that a committee of five citizens be appointed to arbitrate the matter.

Nine hundred extra policemen were put on duty in the downtown district this morning. Three hundred of these are guarding wagons of the express companies, 150 are being held in reserve at Central station and the remainder have been assigned to guard the wagons of the Employers' Teaming company, the new organization which was formed to take the place of the striking teamsters.

## BIG MINE CLOSED

Princeton, Ind., May 1.—The Princeton coal mine, employing about 250 men, closed down today for a period of sixty or ninety days in order that repairs may be made. The mine has been in bad condition since the fatal explosion in March, and it is thought advisable to give it a general overhauling.

**Both Will Probably Recover.**

Fort Wayne, Ind., May 1.—Miss Minnie Melching, shot by her lover, John Welker, is improving, although the slightest return to consciousness finds her in a frenzied attempt to save her life, frantically beseeching Welker not to shoot. Narcotics have to be used to quiet her.

Welker, who cut his throat after shooting the young woman, is out of danger and has asked for his sweetheart.

## AN ARMY TRAGEDY.

**After Assault on Fellow Officer Capt. Raiborne Kills Himself.**

Salt Lake City, Utah, May 1.—Capt. W. A. Raiborne, Twenty-ninth infantry, U. S. A., committed suicide at Ft. Douglas early Sunday, after making a murderous assault on Lieutenant Wm. H. Point, also of the Twenty-ninth infantry. Point was shot twice by his superior officer, one bullet penetrating his left thigh and another inflicting a deep flesh wound in his right leg. After Lieutenant Point had fallen Capt. Raiborne turned his revolver upon himself, sending a bullet into his head about three inches behind his right ear. He died almost instantly.

Captain Raiborne had been drinking heavily, and the tragedy was an outgrowth of his arrest on Tuesday last on a charge of drunkenness.

## GAMBLERS MUST BE IMPRISONED

**New Law Contains This Provision Which Cannot Possibly Be Evaded.**

Still another "blue law" enacted during the recent session of the legislature has been discovered by a prosecutor in the police court at Indianapolis. Under it the police may expect to be more successful in enforcing the gambling laws as it makes it imperative that visitors to gambling houses shall be imprisoned as well as fined if caught.

Under the old law it was provided that the court might add imprisonment to the fine, there is no alternative now, but to send every person to prison who is caught in a gambling house. The law makes the same provision against persons arrested for frequenting immoral resorts. The new cities and towns code also provides for a return to the "chain gang" method of punishment for those who cannot pay their fines, but it is left optional with the court to say whether or not the prisoner shall be compelled to work out his fine on the street.

## RUSHVILLE STEAM LAUNDRY SOLD

**Lee Pyle, of Lafayette, Will Take Charge Sometime This Week.**

At 2 o'clock this afternoon Messrs. Bert and Harry Kennedy closed a deal with Lee Pyle, of Lafayette, whereby the latter purchased of them the Rushville Steam Laundry, located on Morgan street. Mr. Pyle operates a laundry in his home city and is a man with much experience in the laundry business. He comes highly recommended and is of a pleasing personality. He will take charge of the laundry sometime this week. Mr. Bert Kennedy is as yet undecided as to what he will do. For the present he will remain at the laundry.

## SECT'RY LOEB IS MYSTIFIED

**President's Secretary Does Not Know Why He is Drawn Into Suit.**

**A Revival of the Wood-Platt Notoriety in the Courts is Now Promised.**

Glenwood Springs, Col., May 1.—"Why, I never saw the woman in my life, nor do I want to see her," said William Loeb, Jr., secretary to the president, Sunday, when he was shown a dispatch concerning the suit filed in Omaha by Miss Mae Wood, asking \$35,000 jointly of Mr. Loeb, former Postmaster General Wynne and J. Martin Miller, a Newark (N. J.) newspaper man, who was recently appointed to a position in the consular service.

When the morning newspapers arrived, giving a detailed account of the filing of the damage suit, Mr. Loeb read the story carefully and remarked: "It is just as I thought. I will have to get a bill of particulars to tell how I am concerned with the case."

Mr. Loeb said: "The only knowledge I have of Miss Wood is in relation to her position in the postoffice department and the notoriety she brought to herself just prior to the marriage of Senator Platt of New York. She called up the White House and asked if she could see me. Assistant Secretary Barnes talked with her, and as her business did not seem to be important, I declined to see her. That is all I know personally of the woman. I am at a loss to see where she gets my name into the action for damages."

## AN OTHER CASE OF EMBEZZLEMENT

**A Big Shortage is Found in the Funds of Athens County Ohio.**

Columbus, O., May 1.—Deputy State Inspector E. Dover reports a shortage of \$71,378.69 in the treasury of Athens county. State Mine Inspector E. E. Biddison, who was former treasurer of the county, is, according to the report short \$27,649.93. Ex-Treasurer W. G. Hickman is reported short \$38,989.36. Unclaimed moneys of various county officials make up the remainder of the shortage.

Mr. Dover also says the books of the auditor's and treasurer's offices have been tampered with, but by whom he is unable to say. The Athens county grand jury will meet May 15 to take up the matter.

## FOREIGN ELEMENT

**It is Increasing in Indiana as Shown by the Statistics.**

According to figures compiled by Joseph H. Stubbs, chief of the bureau of statistics, relative to the number of foreigners taking out their first or final naturalization papers. More foreigners took out the papers declaring their intention during the year of 1904 than during all the five years immediately preceding. The total number in 1904 was 4690, as compared with 531 the year before. The fact that 1904 was an election year might be taken as an explanation in part of the great increase of these "first papers" cases, but comparing the number with the similar number during 1900, also a campaign year, during when only 665 were taken out, shows that some other extraordinary factor had entered last year's condition.

## TO RE-ENTER THE ARENA

**Consul General Gowdy is Said to Desire the gubernatorial Nomination.**

**Following Return to Rush County Farming Will Occupy Great Deal of His Time.**

According to the Indianapolis Star, John K. Gowdy, of this city, former Republican State chairman and at present Consul General at Paris, intends to re-enter politics upon his return to Indiana this fall, and leaders who are now in the saddle are wondering what sort of a figure the old wheel horse will cut when he gets into the swirl again.

Within the last week several of Gowdy's closest friends at Rushville, his home, have received letters from him on the subject of his future plans.

In one of the letters he says enough to cause at least a few Republicans of the State a little worry. He declares with great frankness that the governorship of Indiana has some charms for him and that he is thinking seriously of being a candidate for the office of 1908. He will decide definitely when he arrives home and gets the "lay of the land," he says. At any rate, he writes, he will identify himself actively with politics again. His eight years abroad holding down a lucrative consular berth, has not in the least lessened his enthusiasm for wire pulling or campaign intricacies, and he is anxious to get back into the harness in one capacity or another.

Gen. Gowdy will turn over the Paris consular post on Sept. 30 to Consul Mason, now stationed at Berlin, who has been transferred to Paris. On Oct. 1, the Gowdys—the General, his wife and daughter, Miss Fannie—will leave Paris, where they have lived for eight years for America. The present schedule for their return journey will bring them to Rushville Oct. 18th.

While Gen. Gowdy is getting the "lay of the land" he will go head with his big farming schemes, that he has been planning for the last eight years. Since going to Paris he has bought nearly 700 acres of Rush county's most fertile land west of Rushville. The land is contiguous and is dotted here and there with substantial, well-kept farm houses and a number of immense new barns that have been built within the last few years. Sheep raising has always been his favorite hobby and his land is stocked with more than 500 head of the best breeds.

Thomas A. Jones, of Rushville, who has been Gen. Gowdy's purchasing agent in his land deals, has received word to have the farms in readiness for the owner's return. Before the winter is over Gen. Gowdy will build a country home that will eclipse any thing in the State in its line, it is said.

**Will Protect Horses.**

RUSHVILLE, IND., MAY 1, 1905.

The New York World, in speaking of the phantom of Socialism, being chased by William Jennings Bryan, says: "The World is by no means astonished to find that Mr. Bryan's socialistic platform has been accepted with enthusiasm in certain circles of the Democratic party. For years there has been a class of so-called Democrats who were ready to adopt any fancy or fallacy that promised to make votes, however vague the promise."

"As Judge Parker said in his speech at the Jefferson Day dinner:

"What may seem to be popular demands are sometimes not popular, but mere momentary crazes which sweep over the community, only to sink faster than they rose. For many years, in certain parts of the country, the politicians in both parties kept their ears so closely to the ground that they heard the rumble of a greenback movement, but it always brought defeat whenever this sound was given a party voice. We found the same thing true on a larger scale and with greater and more permanent loss when we took up the silver question."

"Democratic politicians played with the greenback issue for years, seeking to win temporary victories by means of fusion with the advocates of fiat money."

"After the greenback fury had spent its force the free-silver mania seized upon the Populistic elements in the party and Democratic leaders again heard 'the call of the wild.' In this case the party organization was delivered over bodily to Populism. The result was the Chicago platform, William J. Bryan, divided Democracy and complete rout."

"Greenbackism and free silver are layed out, and all the choice spirits of economic rainbow-chasing are now turning their attention to Socialism disguised as public ownership. Mr. Bryan's schemes are only new manifestations of the old rotten-money delusion that beset the country for so many years. Economic and political fallacies have been substituted for financial fallacies in the belief that there is a chance of fooling all the people some time. The outcome of the new folly is foreshadowed in the results of the previous follies."

## EVADING THE LAW

How Gamblers Get Around Police Board Supervision.

Indianapolis, May 1.—Governor Hanly's efforts to enforce the anti-saloon and anti-gambling laws has had an unexpected result at Marion, Muncie, Anderson and other cities, where there is a large "liberal" element. Members of the latter have been moving into the little towns where the police boards have no authority. In some of them the saloons and gambling joints are running all day and night and the proprietors are reaping a fine harvest. It is probable, however, if the local authorities do not put a stop to it the governor will instruct the county sheriffs to take summary action on penalty of losing their jobs if they don't. In Anderson and Muncie the efforts to close up the saloons on Sundays has resulted in decisions from police judges appointed by the governor that have given the liberal element great encouragement. At Muncie the police must catch a saloon keeper selling to a man in a room adjoining his place before there can be a conviction. The substance of the Anderson decision is that if a saloon keeper has a crowd of men at his home and says they are his guests, he can't be fined for serving them liquor.

The outcome of the special congressional election in the First district is awaited with more than ordinary interest by the personal followers of Senator Hemenway. The row between John W. Brady of Princeton and George A. Cunningham of Evansville over the nomination to succeed to the senator's old position, gave his faithful friends the cold shivers. They were immediately confronted with a possibility of a loss of the district which would verify the statements made during the senatorial fight that Hemenway was the only Republican who could hold the district in line. Senator Hemenway and his friends are doing all in their power to pour oil on the turbulent waters, but it is not likely that the party will be wholly united at the polls, as there remains some soreness among the Cunningham and Brady men. They are trying very hard to roll up a big majority for Judge Foster in order to prove that there was no necessity for Senator Hemenway remaining in the lower legislative body. The odds are in favor of Judge Foster, but Major G. V. Menzies, his opponent, is a powerful campaigner, and is said to have a very large following among the Republicans as well as in his own party. During the next two weeks there will be considerable speech-making by both candidates, and Major Menzies' friends are not without hope that he will be elected.

The program of the local Democrats for the ensuing municipal campaign seems to be pretty well understood. James L. Keach will retire as city chairman in favor of Edward Raub and Mayor Holtzman will be renominated. Keach, however, will continue to be the power behind the throne, and it is probable that Taggart and his lieutenants will not be consulted any oftener about the management of the campaign than they were two years ago. Mayor Holtzman and his advisers are proceeding very carefully and are trying to get strong men on the ticket. The Taggart element of the party has never enthused over Mayor Holtzman and is not regarded now as his friend, but at least it is not in open revolt, as were the anti-Book-walter men two years ago. Book-walter is still the only active candidate on the Republican side, but considerable talk is heard of ex-Judge Lewis Walker, Frank D. Stalnaker and Newton Harding. The mayor's office is more attractive than ever before, as the term is to be for four years and the salary \$4,000 annually, so there may be a larger field of candidates.

The coming of William Jennings Bryan to Indiana is awaited with much interest by Democratic leaders.

## FRIENDLY RELATIONS

Another Token of French and English Esteem.

Paris, May 1.—The exchange of official visits between King Edward and President Loubet Sunday afternoon was marked with the utmost cordiality, the conversation on each occasion lasting twenty minutes. President Loubet previously had received Foreign Minister Delcasse, to whom King Edward afterward accorded a long audience.

President Loubet's dinner in honor of King Edward at the palace of the Elysee last evening was a brilliant function, entirely non-political in character. There were 120 guests and nearly the entire diplomatic corps were present. No speeches were delivered.

Actors Honor Jefferson's Memory.

New York, May 1.—Services in memory of Joe Jefferson under the auspices of the Players' club of which he was the only president besides Edwin Booth, were held Sunday at the Church of the Transfiguration, to which Mr. Jefferson many years ago gave the name of "The Little Church Around the Corner." The service was conducted by the rector, Rev. Dr. George C. Houghton. The service was especially arranged and besides portions of the usual Episcopal service, it was to an unusual extent composed of anthems and hymns. The church was crowded to the doors and probably every prominent member of the theatrical profession who was in the city and able to be present, was there.

## VAGUELY UNCOMMUNICATIVE

Miss Wood Declines to Explain Regarding Mr. Loeb.

Omaha, Neb., May 1.—Miss Mae C. Wood, who Saturday filed a damage suit for \$35,000 against Secretary William Loeb, Robert J. Wynne and J. Martin Miller, last evening talked to a reporter of the events which led up to the filing of the suit, in which she alleges that the manuscript of a

MISS MAE WOOD.

book she had in preparation entitled "The Love Letters of the Boss," was secured from her under representations which were not carried out, depriving the world of what she declares would have made interesting reading. Miss Wood accuses J. Martin Miller of securing the manuscript from her under a false promise, and afterward by threats of duress compelled her to give up Senator Platt's letters and sign receipts for \$20,000, which she never received.

She was asked in what particular Secretary Loeb was connected with the matter. She declined to answer the question directly, but had this to say: "Secretary Loeb should always use the telegraph or a courier. It is a remarkable fact that he knows so little of this affair. I rather think he should say he does not know how I happened to know what he knows of it. Really, I think I shall have to refrain from going into the details until I shall tell it in court."

She said she had not the slightest idea what any of the defendants would do or whether they would accept or avoid service in the suit. She asserted, however, that if Mr. Loeb avoided service, she would have the suit transferred to the United States courts.

She admitted that she had never seen Mr. Loeb and that she knew of no reason why he should take any part in the New York affair, but still refused to say in what manner she would connect him with it. Miss Wood recited over again the allegations contained in her petition filed in the district court. To J. Martin Miller she gave the credit of instigating the intimidation and other acts named in her charges. She spoke in detail of the alleged relations with Senator Platt and closed the interview with this significant remark: "They were looking for scandal, and now they have it. I shall show my hand when the proper time comes."

The Situation at Laredo.

Laredo, Tex., May 1.—This city is again beginning to assume its customary appearance despite the great havoc wrought by the storm of Friday evening last. Large forces of laborers have been busily engaged in clearing away the debris which filled the streets. While it is estimated that fully a hundred persons were injured, it is not expected that any more deaths will result. The number of dead remains at sixteen in this city as at first sent out, and five lives were lost in New Laredo.

Japanese Memorial Service.

Tokio, May 1.—With elaborate ceremony beginning Wednesday and ending Friday, the names of 30,866 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokonsha temple. Many kinsmen and kinswomen of the victims of the war are assembling in Tokio to participate in the ceremony and are being shown special consideration. They will be the special guests of the government. The ceremony is based on the national belief of the immortality of the soul and the homage due to ancestors.

Will Leave at Once.

Caracas, May 1.—American Minister Herbert W. Bowen has been recalled to Washington and will leave Caracas at once. Mr. Bowen has been summoned to Washington for explanation regarding charges which he has made against Assistant Secretary of State Loomis, who was his predecessor as American minister to Caracas.

The Cash Was There.

San Francisco, May 1.—In the course of investigating the affairs of Edward J. Smith, the defaulting ex-tax collector of this city, the money in the "joint custody vault" of the treasurer's office has been counted and found correct. The gold was counted in 297 sacks, each containing \$20,000, or a total of \$5,940,000.

Russians Score a Point.

St. Petersburg, May 1.—General Linovitch in a message to Emperor Nicholas says: "Two Russian forces on the night of April 29 simultaneously attacked the Japanese near the town of Tungshiang, driving them from five consecutive positions and occupying Tungshiang."

## PRESIDENT SPEAKS

Sunday Service in Mountains Attracts Large Crowd.

Glenwood Springs, Col., May 1.—Unique in the history of Colorado was the church service held at the old blue schoolhouse on West Divide creek Sunday attended by President Roosevelt and his hunting party and all the ranchmen and their families for miles around. The little district school building was not a tenth part large enough to accommodate the congregation, and as a result the organ was moved to the platform in front. On this platform seats were provided for the president and his party, the Rev. Horace Mann of Rifle, Col., who preached the sermon, the choir and the trustees of the church. The members of the congregation stood or sat on the ground or in their conveyances, which were grouped around the building. The sermon by Rev. Mann was of an unusual kind. It began with a story, teemed with slang of the Western flavor and was full of advice suited to a congregation inuring itself to the hardships of mountain life. It touched on the responsibilities of the position of president, as well as the characteristics of some of the men who have occupied that exalted place. After he had concluded the president spoke for about ten minutes. He expressed his well-known views on good citizenship, the morality of man, patriotism and duty to the home and country. He was cheered heartily throughout his remarks. After the services were concluded he shook hands with every person present.

Berlin, May 1.—Charles M. Schwab of New York, who is on his way from St. Petersburg to Luxemburg to visit the iron works and who thence will return home, stopped in Berlin for Sunday. In an interview Mr. Schwab said it was quite true that he had made a contract with the Russian government for warships, but that he considered it would be improper for him to talk about it. Those in the Russian government who knew of the contract, he said, were the ones to make the terms public.

## HIGH SCHOOL WINS FROM SHORTRIDGE

Visiting Team From Indianapolis is Defeated to the Tune of 8 to 5.

The local high school base ball team on Saturday afternoon defeated the Shortridge high school team of Indianapolis, one of the strongest school teams in Indiana, Ohio, Illinois or Kentucky, in a fast and exciting game by a score of 8 to 5.

Geisel, the Shortridge pitcher, who held Butler College safe and who has pitched winning ball against Purdue and Indiana Universities, a nd other strong college and high school teams, proved an easy mark for the locals, and five hits secured off his delivery in the seventh inning, coupled with an error netted the local school four runs. Of these hits one was a three base hit by Chas. Stiers and another was a two base hit by Joshua Brown.

Owing to the fact that the heavy rains on Friday night soaked the South Main street diamond, the two teams were compelled to play on the grass in the outfield. The visitors first two runs were scored on an error by Umpire Geraghty, who called a foul ball, fair. L. Brown, the Shortridge pitcher put up a plucky game.

The visitors were unable to hit McGuire safely and gained their runs mostly on errors. The high school students are jubilant over their victory and have a right to be for it is by far the greatest that the local school has ever won.

The score: 1 2 3 4 5 6 7 8 9—R H E  
Rushville 0 0 0 2 0 1 4 1 x—8 10 8  
Shortridge 0 0 2 0 1 0 1 1—5 4 5

## THE LOCALS WIN FROM THE METS

Pitching of Wagoner and Good Fielding by Rushville is Responsible.

Joe Herold's Great Game at Third—Team Improving in Batting.

President Geraghty, of the local club yesterday closed, a contract, whereby Rushville became possessed with the larger end of the score in the game with the Indianapolis Mets.

The management of the Mets were accorded the privilege of wiring headquarters as follows: "We, the Mets, have met the enemy to meet no more."

The Mets, came, they saw, they went. Nevertheless they played a good game, better in fact, than they expected to play. Tinscher pitched a fine article of ball and had his support been a little better the story might have been different.

Little Joe Herold, Rushville's third baseman, put up great ball. Joe had seven chances and accepted them all without an error. The visiting batsmen seemed disposed to thoroughly try him out and they evidently became satisfied, for no matter how things were going on elsewhere, Joe got everything coming his way.

The locals batted better yesterday than they have at any time this season. Umpire Sullivan's work, too, was considerably improved.

"Hans" Wagner pitched good consistent ball for the locals, being at all times master of the situation. With the exception of the second inning he kept his hits well scattered and pitched out of difficult holes in a masterly fashion.

The game contained several interesting plays, one of which was a double play by Carter Cullen and Pearson. Carter, put up a good game at short and led the batting. Both Carter and Cullen touched Tinscher for three base hits.

The local players fielded well throughout the entire game. Only one error was charged up against them, and that was made by Pearson who unfortunately, let Stembler's grounder get through him.

The locals were the first to score. In the first inning Carter, who was first up, singled to left, stole second, advanced to third on Cullen's out and scored on Captain Stubblefield's single in the same direction.

In the visitors' half of the second, Bush singled, stole second and scored on Canfield's drive to Center; Canfield stole second and scored on Burkhardt's single; Burkhardt took second on the throw in, but died there as Tinscher and Willets made easy outs.

Rushville scored again in the second, when Pearson reached first on a little hit which rolled down the left foul line for about ten feet and finally rolled fair. He advanced to second on Kisers out, took third and scored on errors by Burkhardt and Jordan, respectively.

In the fifth Morgan reached first on a fielder's choice, stole second and third right under Tinscher's nose and scored on Cullen's three base hit to the willows. Cullen perished at Third for Captain Stubblefield's high fly landed squarely in Canfield's mit.

In the sixth, Little Joe singled, took second when Pearson was given a base on balls, stole third and scored on an error by Burkhardt, who dropped the ball.

In the seventh, Morgan singled and took second, was sacrificed to third by Cullen, and reached home on an error by Bush, who let Captain Stubblefield's grounder go through him.

In the eighth, Carter singled, stole second, was advanced to third by Morgan and scored on an error by Burkhardt, who again failed to hold the ball.

The story:

Score by Innings:

1 2 3 4 5 6 7 8 9  
Rushville 1 1 0 0 1 1 1 x—6  
Ind'pls Mets 0 2 0 0 0 0 0 0—2

Batteries, Wagner and Morgan, Tinscher and Burkhardt; earned runs, Mets 2, Rushville 2; three base hits, Carter and Cullen; bases on balls, off Tinscher 3, off Wagner 0; left on bases Mets 7, Rushville 8; struck out by Wagner 5, by Tinscher 6; double play, Carter, to Cullen to Pearson; hit by pitched ball, Pearson. Time, 1:45; Umpire, Sullivan. Attendance 450.

Comersville Examiner, Friday: Guy and Phil LaRue were at Rushville yesterday afternoon and witnessed the ball game between the Rushville team and Indianapolis Reserves. The boys reported a fast and snappy contest put up by both teams.

## CLOSES RIVER GAP.

Cotton Belt's New Bridge Completes Steel Highway to the Southwest.

OPENED TO TRAFFIC APRIL 18.

All Cotton Belt Route trains between St. Louis and the southwest now use the Mississippi river at Thebes, Ill., doing away with the ferry transfer and shortening schedules an hour.

The Cotton Belt has the line of lowest grades, fewest curves and one of the smoothest tracks between St. Louis and the Southwest.

The new bridge adds to the facilities in reaching the country of mild climate and cheap homes—Arkansas, Louisiana and Texas. Write for literature descriptive of this wonderfully fertile country. Cheap homeseeker's rates first and third Tuesdays of each month.

June 20th, we will run a special train excursion of fruit and truck growers, and others interested to the famous East Texas fruit country. This will afford an opportunity of seeing the gathering and marketing of the big fruit crop. Write for itinerary and cost of trip.

Cotton Belt trains leave St. Louis daily, 9:30 a. m. and 9:32 p. m.

The interest was sustained to the last and the situations were met by the competent cast in a splendid manner.
